

## Optima HD70 Staples Tin (2500)

### Accessories

A robust staple with slightly longer legs and sharper points that can penetrate thicker documents of up to 70 sheets in one go, a useful tool in ensuring the tidy and efficient management of those slightly larger files. Manufactured in high-quality steel

- Premium Staples come in units of 2500 and are presented in a smart, aluminium tin with secure lid to ensure loose staples don't end up scattered around your desk drawer. In fact the embossed tin is so stylish that it will sit neatly on your desk top and you won't want to hide it away at all.
