

## Kensington Ultimate Presenter™ with Virtual Pointer

K75233AM/EU

### Product Description

The Kensington Ultimate Presenter™ is an innovative presentation tool that works for a variety of environments and screens. Overcoming the limitations associated with traditional lasers, such as bright LED screens or safety regulations, the Ultimate Presenter is optimised for use in conference rooms with TVs, online meetings with remote participants, and large auditoriums with multiple presentation screens. Complemented by expansive storage options and the KensingtonWorks™ software, the Ultimate Presenter is the ideal presentation tool for today's digital world. Microsoft PowerPoint and Mac Keynote compatible.

### Features

- Virtual Pointer Technology works on a variety of presentation screens
- KensingtonWorks™ App offers customisation to suit your presentation environment
- Ergonomic Design drives maximum comfort with a contoured shape
- 2.4GHz Receiver with 8G Memory provides up to 20 meters (65ft) of wireless range
- Windows & Mac Compatible to work with both PowerPoint and Keynote
- Storage Pouch conveniently stores your presenter in a soft travel pouch
- Plug and play simplicity requires no setup
