

**NEW SPECIALTY FILTERS**  
For your TruSens Air Purifiers

**TruSens Allergy & Flu Filter**

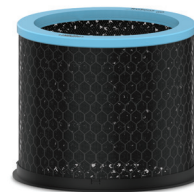

Help protect your family from the flu and year-round allergies. The Allergy & Flu Filter with Anti-viral True HEPA captures 99% of airborne allergens and viruses, and helps inactivate the H1N1 virus.

**Features & Benefits**

- This combination filter has 3 levels of filtration to defend against flu viruses and pollutants in the air. It includes an anti-viral True HEPA filter with an activated carbon filter and a durable mesh prefilter.
- The anti-viral True HEPA filter silver coating inactivates viruses and kills bacteria.
- 360 degree filtration draws in air from all directions to collect pollutants from around the room.
- The filter is at the core of purifying your air and replacement is essential for your purifier to perform at its best. Replace every 12-15 months and replace the carbon filter (depending on usage\*).
- Change HEPA indicator glows red on your air purifier when the filter needs to be replaced.
- Compatible with all TruSens Air Purifiers.

**All-in-one Filter set**  
(Pre-Filter + Activated Carbon Filter# + HEPA Filter)

**Activated Carbon Filter#**  
(Optional replacement depending on usage\*)
