

NEW SPECIALTY FILTERS
For your TruSens Air Purifiers

TruSens Odor & VOC Filter

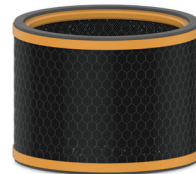

The Odor Filter with True HEPA drum is specially designed with a larger amount of activated carbon. Carbon pellets removes common cooking and cleaning odors, and reduces VOCs.

Features & Benefits

- This combination filter has 3 levels of filtration to defend against odors. It includes an True HEPA filter with an activated carbon filter and a durable mesh prefilter.
- The activated carbon filter helps combat cooking and cleaning odors, and reduces airborne VOCs such as ammonia, acetone and formaldehyde. True HEPA filter captures common pollutants.
- 360 degree filtration draws in air from all directions to collect pollutants from around the room.
- The filter is at the core of purifying your air and replacement is essential for your purifier to perform at its best. Replace every 12-15 months and replace the carbon filter (depending on usage*).
- Change HEPA indicator glows red on your air purifier when the filter needs to be replaced.
- Compatible with all TruSens Air Purifiers.

All-in-one Filter set
(Pre-Filter + Activated Carbon Filter# + HEPA Filter)
