

THE POWER OF FRESH AIR

TruSens™

Performance Series Air Purifiers

Exceptional CADR. Extraordinary lifetime value. TruSens Performance Series Air Purifiers deliver complete coverage in professional spaces with a powerful clean air delivery rate (CADR), full year* True HEPA/Activated Carbon filtration and maintenance free TRU-BEAM™ UV-C.

*Operating 12 hours per day, under typical operating conditions.

Z-7000

Z-6000

Cleaner air in large spaces

Performance Series Air Purifiers deliver complete room coverage with powerful CADR performance designed to improve indoor air quality in large spaces. The Z-7000 is recommended for spaces up to 2,000 sq ft at 2 ACH. *

Responds to your air

Know your air quality with the AQI display that reflects real-time air quality readings from the remote SensorPod™ and have the peace of mind that the air purifier automatically adjusts.

GOOD

0 - 50

MODERATE

50 - 100

POOR

100+

Reduces airborne virus exposure

Eliminates 99.99% of airborne coronavirus in your indoor space*

TRU-BEAM™ UV-C

light inactivates viruses and bacteria trapped on the filter

TRUE HEPA

captures airborne viruses, bacteria, and smoke

ACTIVATED CARBON

breaks down odors and VOCs

PREFILTER

traps large particles

*Results from independent third-party testing using aerosolized airborne concentration of human coronavirus 229E over a two-hour period in a sealed test chamber. HCoV-229E is a well-established surrogate for SARS-Cov-2 (the virus that causes COVID-19). Air purifiers, by themselves, are not enough to protect people from COVID-19 and are not substitutes for other COVID-19 preventative measures such as adequate ventilation.

 Choose the right air purifier for your space.
